Dear Mrs. Rajamanickam,

I'm happy to share that at last evening's DUSD board meeting, they approved a resolution to grant 10 elective credits for a foreign language after completion of courses taken at the Tamil Academy.

Students will need to receive prior approval from a counselor or administrator before enrolling into your courses. Forms will be located in the counseling office.

We are pleased to have created this partnership. If you have additional questions, please don't hesitate to contact my office.

Sincerely,

--

Alberto Solorzano

Hello,

Yes. We are approving up to 10 credits towards "e" in the Language Other than English category. We currently have a couple of DHS students who are enrolled in the Tamil course and will monitor the popularity as the interests grows at Dublin High School.

Sincerely,  
Alberto
