

Preparing every student to thrive in a global society.

April 24, 2026

Dear Ms. Vaidyanathan,

The East Side Union High School District (ESUHSD) has approved the International Tamil Academy to teach the Tamil 1-4 course of study and have these courses posted to ESUHSD students' transcripts. The District will accept grades from your academy and give academic credit to ESUHSD high school students (grades 9-12) beginning in the 2026-2027 school year. Students are only allowed to take ten (10) credits a year for world language credits through the International Tamil Academy, and only credits taken while a student is actively enrolled in high school will be posted to transcripts.

ESUHSD will submit the four courses to the University of California's online portal for inclusion on our District A-G list under the "E" category; Language Other than English.

Sincerely,

A handwritten signature in black ink, appearing to read "Kyle Kleckner".

Kyle Kleckner
Director of Instruction
